

5-Day Preschool News

October 4, 2021

Message from Ms. Barker

Hello preschool families!

This week, we will begin our unit on Night/Sleep. We will be learning about the differences between day/night, the importance of sleep, bedtime routines, and nocturnal animals. You can help reinforce these skills at home by establishing a bedtime routine with your child. Check out the resources section on the classroom website for some bedtime routine visuals you can use together at home each night!

Check out the link on the 5-day class page for [weekly Bible newsletters](#)! This week, we will be on Week 6. You can help by reviewing this story with your child together at home.

Family Education Night is coming up on October 5th! Due to the rising number of COVID cases in the area, this event will be held virtually over Zoom. A link was sent to you in an email.

Picture day is on Wednesday! Please send your child to school ready for pictures! You can preorder pictures or you can order them later. Information regarding picture day was sent home in your child's folder.

I've been taking lots of pictures of various activities occurring in our classroom! I hope to get these posted by the end of the week. If you have not already filled out a photo permission slip for your child, please do so and return it so I can include your child's pictures, too! If you need a new form, please ask!

As always, please do not hesitate to contact me with any questions or concerns. ☺

Ways You Can Help

Thank you to those of you who donated magnetic letters/numbers to our classroom!

You may have read in the all-school newsletter that we are looking for gift cards or good or services to include in our Silent Auction at the Fall Festival next month! If you'd like to donate any items or special talents for the auction, please send them to school with your child, drop them off with Mrs. Fleming, or contact Ms. Barker/Mrs. Fleming to make arrangements/discuss ideas.

Skills of the Week

Literacy: We will be reviewing all of the letters we have learned so far! We will also be practicing with rhyming words.

Math: We will be focusing on the number 5 (five) this week. We will also be practicing with patterns and spatial relationships/positional words (over, under, next to, behind, etc.)
